

AIRSMILE PARTNER CODE OF CONDUCT

The main and first responsibility of AirSmile dentists is the health and safety of their patients.

AirSmile dentists must accept responsibility for all treatment undertaken by themselves or under their supervision in a structured relationship.

Records that are accurate, thorough, and respectful, must be created and safeguarded for all patients. Patients have the right to access their personal records and/or receive copies of them freely - via the AirSmile system or otherwise.

AirSmile dentists ensure that they provide patients with clear information about their dental condition and proposed treatment options, so that patients have a clear path for informed consent, both clinically and financially.

AirSmile dentists strive to maintain the highest clinical standard.

AirSmile dentists uphold the integrity of the profession.

AirSmile dentists make statements, give opinions, and quote fees in an objective and truthful manner.

AirSmile dentists maintain professional competence throughout their careers by active and continual advancement of their knowledge of scientific, clinical, and technical developments.
